

# 2018 – Hamilton Island State School

## Explicit Improvement Agenda (EIA)

The staff here at HISS are committed to the successful learning and well-being outcomes of all students. In 2018 we are committing ourselves to a sharp and narrow improvement agenda. The EIA will focus on the rapid improvement of writing in all Key Learning Areas. We are committed to:

- Review and strengthen a whole school Writing and Reading Program aligned to the Australian Curriculum.
- Empower teaching staff through workshops and class release time to further build capacity to deliver explicit, differentiated lessons with a focus on Literacy and Numeracy.
- Further enhance the school data wall to analyse student data regularly to monitor progress, guide teaching practices and prompt early intervention.

The school is committed to the following targets:

- 100% of our students reaching National Minimum Standard in Writing.
- Increasing our Upper 2 Bands in Writing to 40%.
- 100% of students at a C or above in all Key Learning Areas.

**Learn and Grow Together** is our commitment to our students and to our community.
